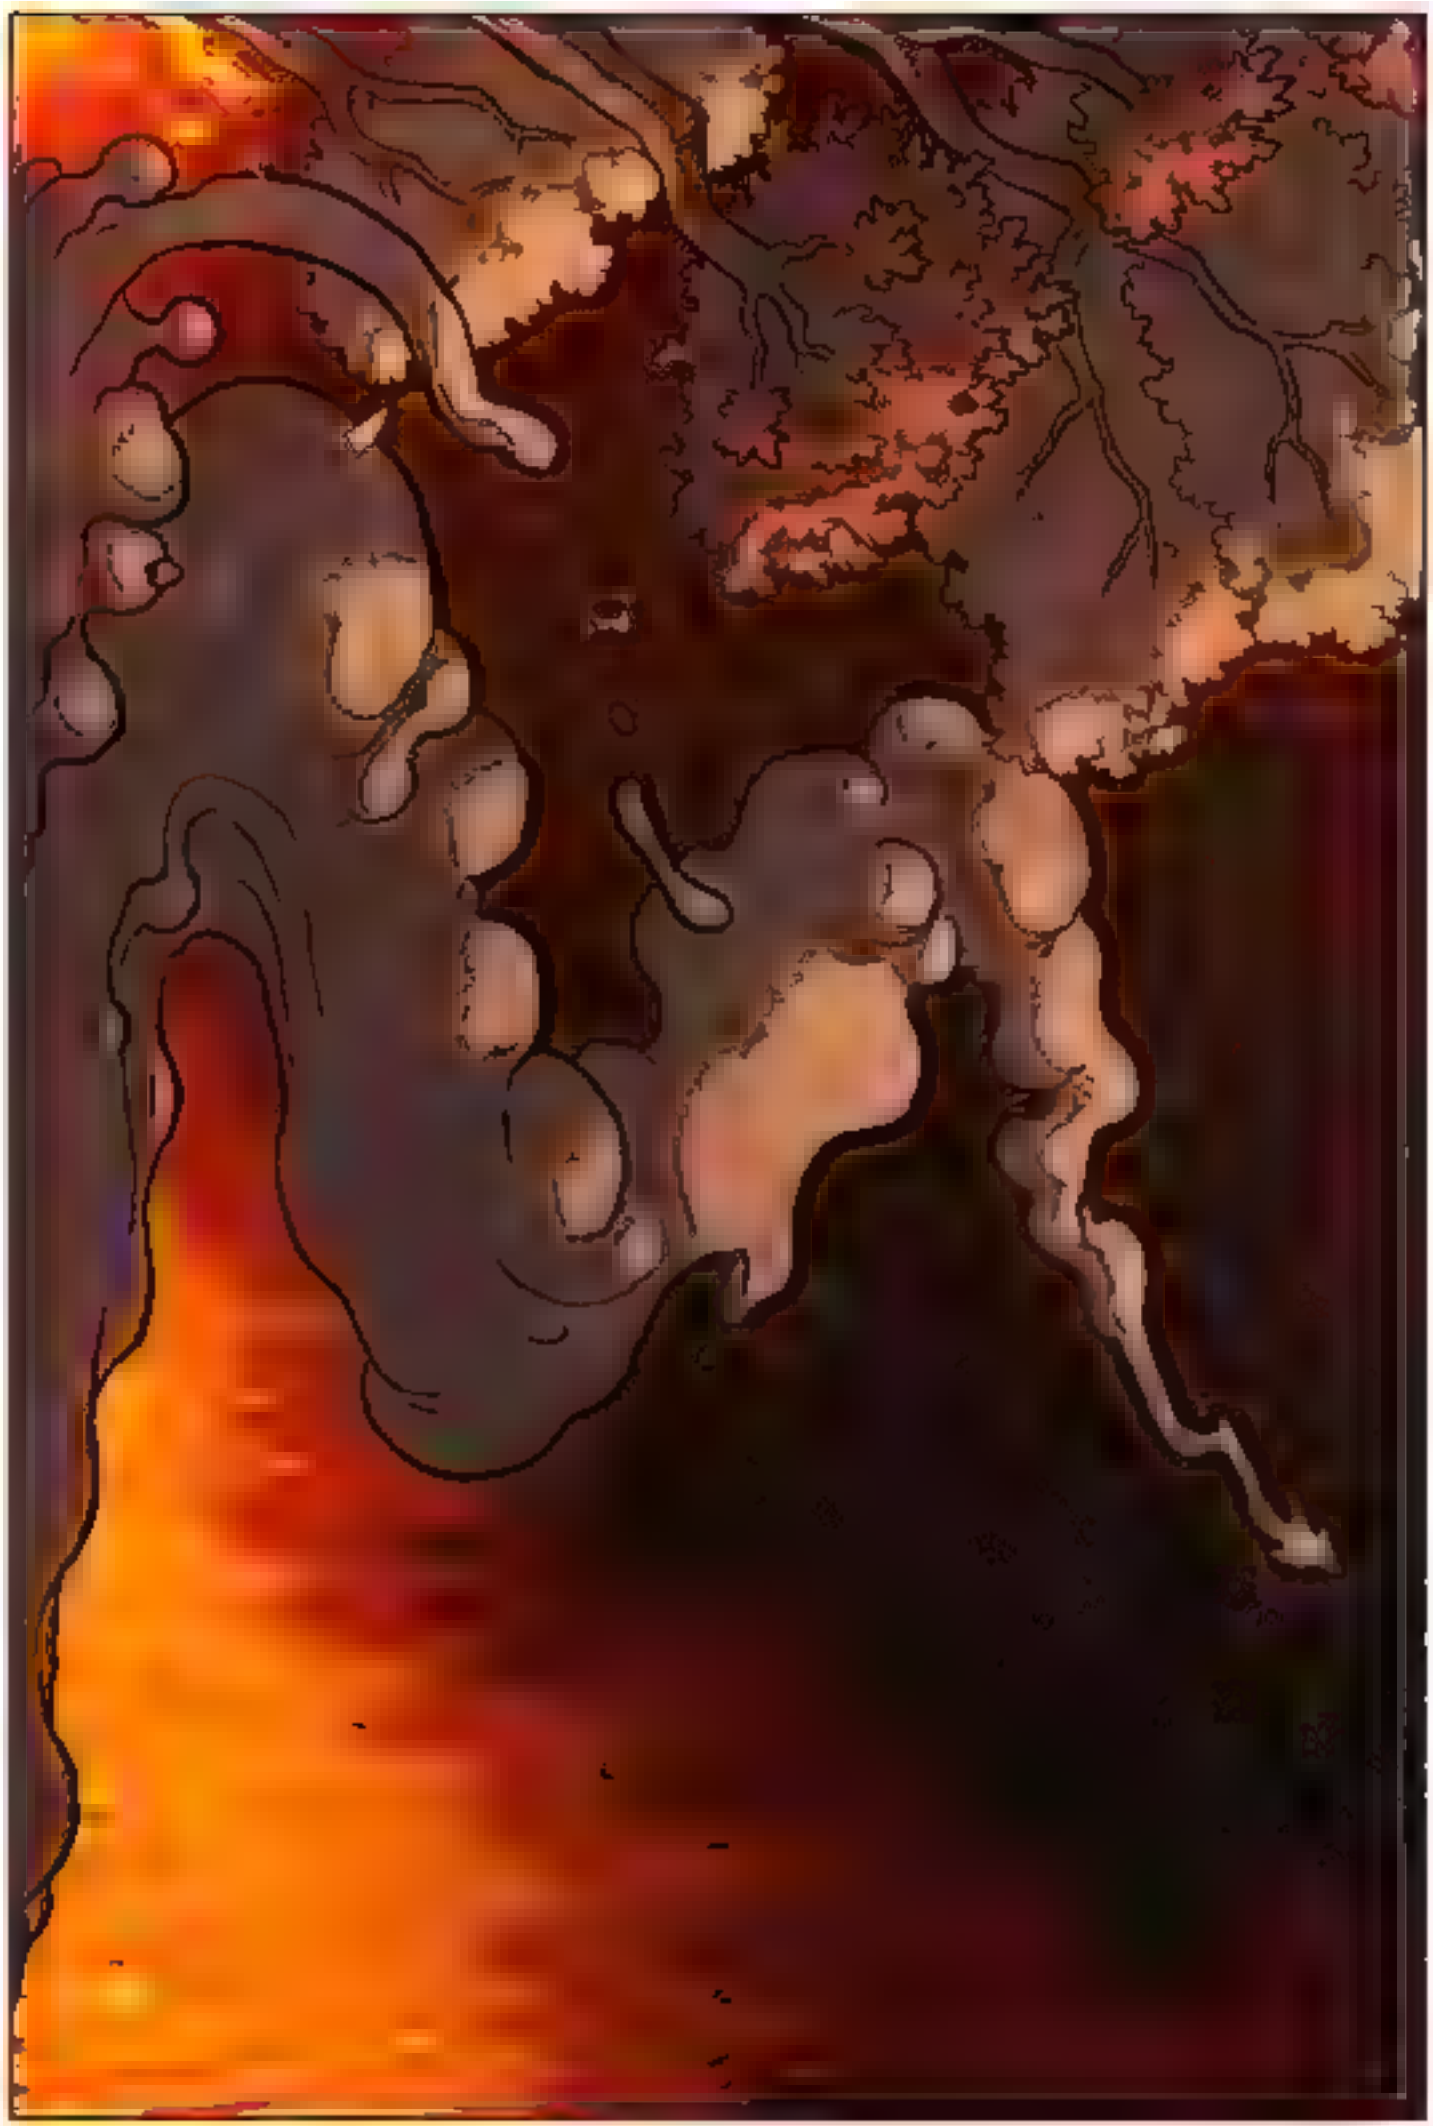
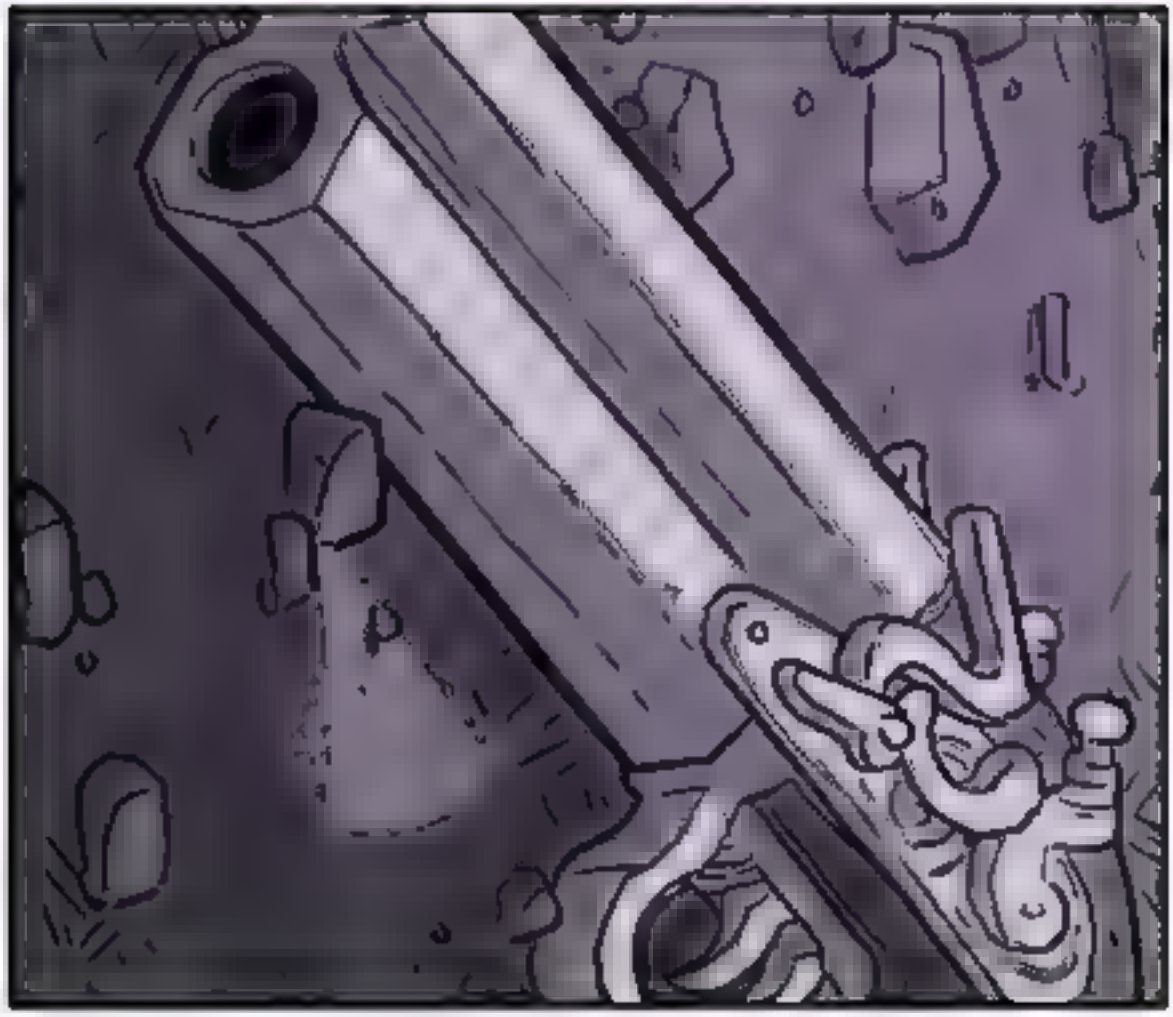
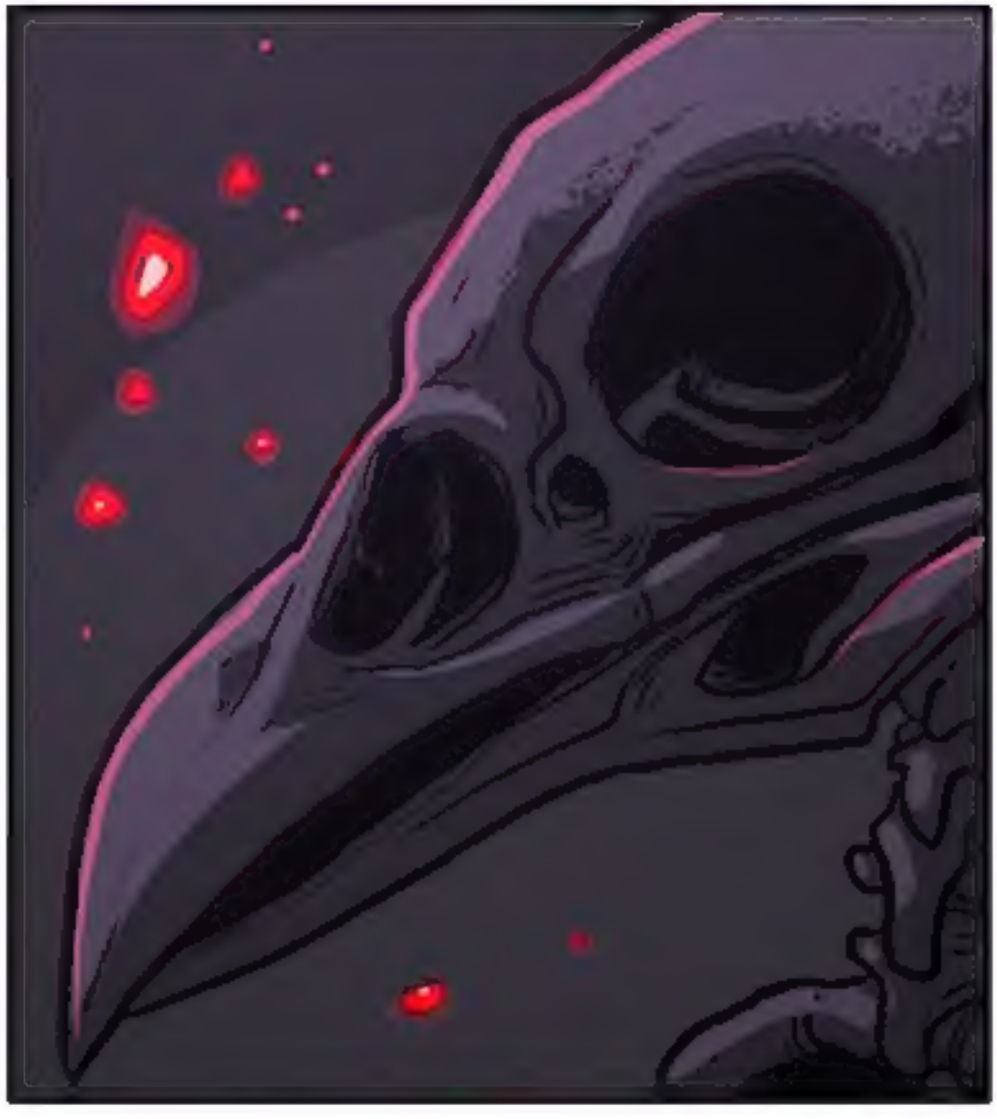
NO...

No,
not yet.

I'm not done yet.







That's the end of
"Operation Marathon",
the longest story arc in
The Sword Interval so far.

For the next few weeks we're
going to have a side-story, a collaboration
between myself and Natasha Petrovic
[one of the creators of ***Ophiuchus***].
This story will follow some agents of
Atlas on a secret mission, as well
as give a little insight into the state
of the shady organization.

After that short arc,
we'll be getting into the beginning
of the end! The Sword Interval still has
a ways to go before the conclusion, but
that finish line is certainly in sight.
